

ABOUT BCSD

The Bahamas Central Securities Depository Limited March 2009 as a joint venture between Royal Fidelity Securities Exchange (BISX).

BAHAMAS CENTRAL SECURITIES DEPOSITORY LAUNCHES OFFICIAL WEBSITE

With the launch of the BCSD website, Bahamian shareholders will now have instant access to critical information including an events calendar which highlights scheduled dividend payments, as well as AGM dates. The website also addresses the most frequently asked questions and features the downloadable forms required for processing transactions.

The Bahamas Central Securities Depository (BCSD) was incorporated as a joint venture between Royal Fidelity Merchant Bank & Trust Limited (RFMBT), Colina Financial Advisors (CFAL) and the Bahamas International Securities Exchange (BISX) in 2009. The launch of this website (www.bcsd.bs) marks a major milestone for BCSD.

As the primary share registrar and transfer agent in The Bahamas, BCSD assists a range of companies by managing relationships with their shareholders and other financial stakeholders.

“Looking ahead, our website will continue to evolve into an extensive resource for education and interaction, accessible to an audience of all ages and backgrounds throughout The Bahamas,” remarked Ms. Nerika Burrows, President of BCSD.

The BCSD team shares this enthusiasm about the website. Ms. Monique Clarke, BCSD Senior RTA Administrator declared, “As we launch our official website, we move forward to becoming the leading shares investment registrar in The Bahamas.”

The website, developed by AdWorks Multimedia Marketing, establishes BCSD’s corporate identity, as they begin introducing their services to the general public.

According to Ms. Sanchia Rolle, BCSD RTA Administrator, “Our website means enhanced services, more satisfied shareholders, more education for the public and the power to change capital markets in The Bahamas.”
